ACKNOWLEDGMENT	
PREFACE	
KEYNOTE PRESENTATION	
• Navigating Thailand's Groundwater Challenges: A Journey Through Regulation and Innovation	2
PARTNER SESSION I	
Strengthening Groundwater Governance and Management in Southeast Asia: Insights and Cross Learning for Evidence-based Decision-Making (AIT-SEI)	
• Mapping Groundwater Resilience to Climate Change and Human Development in Asian Cities	8
• Assessing Groundwater Infrastructure Sustainability in the Special Economic Zone (SEZ) of Thailand: A Case of Tak SEZ	13
• Outlook of Groundwater Governance in the Lower Mekong Region	19
• A Generic Framework for Assessing the State of Transboundary Groundwater Governance in Internationally Shared Aquifer Systems	20
PARTNER SESSION II-A	
Navigating the Invisible: Emerging Sociohydrologies of Groundwater Irrigation in Nepal (CGIAR initiative on TAFSSA, CSISA, IWMI and CIMMYT)	
• Piloting and Implementation of Digital Groundwater Information System: A Case Study of Nepal's West Terai	30
• Application of the Water Table Fluctuation Method to Characterize Groundwater Recharge in the Banke District, Nepal	33
• Energy Technologies for Pumped Groundwater Irrigation – Spread, Opportunity, and Challenges	36
• Groundwater Governance in a Federal Nepal: Examining the Government Ecosystem	40
PARTNER SESSION II-B	
Silent but Long Strides of Groundwater Irrigation in Nepal (CGIAR initiative on TAFSSA, CSISA, IWMI and CIMMYT)	
• Implementing Conjunctive Management of Water Resources for Sustainable and Inclusive Irrigation Development in Western Nepal	42
• Constraints and Opportunities in Groundwater use in Rice Production Systems: Farmer Perspectives from Nepal	43
• Understanding Access and Barriers in Groundwater Development in Nepal: Navigating from Macro to Micro-perspective	47

TECHNICAL SESSION

Innovative Approaches for Addressing Groundwater Challenges: Integrating Science, Community and Policy

- Navigating Water Security: A Pragmatic Community-Centric Framework for Groundwater Governance in Nepal 51
- Ground Truth from Above: Bridging the Gap in Groundwater Monitoring with Remote Sensing 55
- Analysis of Groundwater and Surface Water Interaction through Physio-chemical and Stable Isotope $\delta^{18}\text{O}$ and δD in Bara and Rautahat, Nepal 61
- Understanding Groundwater-Surface Water Interaction and Potential Pathways through a Hydrogeological Conceptual Model at a Coastal Wetland 66
- Springwater Management, Agriculture, and Resilient Livelihoods in the Midhills of Nepal (SPAN) 70
- Sustainable Water Management in Madesh Province: "Stakeholders mapping on Integrated Water use in Lahan Municipality" 71

HIGH LEVEL PANEL DISCUSSION

Towards Inclusive Groundwater Development and Management In Nepal: Addressing the Barriers

- High Level Panel: Towards Inclusive Groundwater Development and Management in Nepal: Addressing the Barriers 73

POSTER PRESENTATION

- Assessing the Groundwater Quality in Kathmandu Valley through the Water Quality Index 78
- Citizen Science-based Groundwater Level Monitoring in Kathmandu Valley: Investigating Citizen Scientist Performance and Groundwater Level Fluctuations 85
- Global Youth Engagement In Groundwater Sciences: Insights from the UNESCO Groundwater Youth Network (GWYN) 92
- Microbiological Analysis of River Waters of Kathmandu Valley 93
