S.N.		Page No.
1	Research article <i>Socio- economic</i>	
2	Farmers perception, adaptation strategy and impact of climate change on rice production in Chitwan and Nawalparasi Districts, Nepal A. Shrestha, I. Bhattarai, R. R. Kattel, and S. Sapkota	1
3	Impact of climate change on rice production and local adaptation practices adopted by farmers in Surkhet, Nepal B. Khadka, I. Bhattraai, A. Subedi, and S. Dhakal	9
4	Impact of climate change on agrobiodiversity and livelihood in rural communities in Lamjung, Nepal D. Bhatta, I. Bhattarai, S. C. Dhakal and K. M. Tripathi	23
5	Socio-economic impact of micro credit in relation to agriculture production in Sunsari district, Nepal D. Deo, K. B. Adhikari, S. C. Dhakal, and R. R. Kattel	29
6	Vulnerability of Major Cropping Pattern and adaptation strategy in relation to Possible Climatic Variability in the Eastern Hills of Nepal D. Devkota and S. Dhakal	41
7	Value chain analysis of tomato production in Dadeldhura, Nepal D. M. Lamichhane, S. C. Dhakal, R. R. Kattel, and D. P. Sapkota	51
8	Economic analysis and determinants of adoption of foundation seed production and impact on maize seed income: Evidence from Palpa district of Nepal M. Sapkota, J. P. Dutta, R. R. Kattel and N. P. Joshi	57
9	Economic impact of irrigation and water resource management project: a case study of Palpa district, Nepal R. Sah, K. B. Adhikari, S. C. Dhakal and R. R. Kattel	69
10	Strategies to include people with physical disabilities on agriculture in Chitwan, Nepal S. C. Dhakal	77
11	Economics of production and marketing of fish at Chitwan district, Nepal T. Sharma, S. C. Dhakal, R. R. Kattel and K. Gharti	87
	<i>Plant and soil</i>	
12	Evaluation of elite spring wheat genotypes for root, early vigor and agro-morphological traits under normal and late sowing conditions at Chitwan, Nepal A. Ojha, M. P. Pandey, D. B. Thapa, B. R. Ojha, and R. Kharel	95
13	Study of morpho-physiological characters of different wheat genotypes under moisture stress condition in mid hill Region of Nepal A. Parajuli, B. R. Ojha, R. Kharel, and S. P. Khatiwada	103
14	Performance of different durum wheat genotypes at Rampur, Chitwan B. R. Ojha, S. K. Adhikari, and A. Ojha	109

15	Seasonal abundance of major insect pests in relation to climatic parameters during the different growth stages of rice crop C. Adhikari, R.B. Thapa, R. Regmi, and K. Kafle	121
16	Effect of packaging materials and mode of transportation on post-harvest behaviour cauliflower (<i>Brassica oleracea</i> L. Var <i>botrytis</i>) D. Ghimire, M. D. Sharma, D. M. Gautam, and K. M. Tripathi	131
17	Performance of hybrid maize under different levels of nitrogen and plant population during winter season at Rampur, Chitwan, Nepal G. Dhital, K. B. Basnet, S. Marahatta, and T. B. Karki	137
18	An assessment on effect of climate change on rice production in Kaski, Nepal H. Sharma, I. Bhattarai, S. Sapkota, and S. Khanal	145
19	Spatial modeling of climate change impact on banana suitability in Chitwan and Kavre district of Nepal K. B. Magar, C.P. Shiriwastav, S. Marahatta, and D. Chalise	155
20	Evaluation of biofortified spring wheat genotypes for grain zinc and iron concentrations, grain yield and associated component traits at Kabre, Dolakha, Nepal K. R. Pant, B. R. Ojha, R. Kharel, and D. B. Thapa	165
21	Response of spring wheat genotypes on normal and late sowing against spot blotch at AFU, Rampur, Chitwan N. Dhakal, S. M. Shrestha, and H. K. Manandhar	177
22	Evaluation of durum wheat genotypes associated with phenological, agromorphological and yield attributing traits under irrigated condition of Rampur, Chitwan N. Rana, B. R. Ojha, R. Kharel, and D. B. Thapa	185
23	<i>In-vitro</i> antagonist action of <i>Trichoderma</i> isolates against <i>Sclerotinia sclerotiorum</i> P. Adhikari, S. M. Shrestha, H. K. Manandhar, and L. Aryal	193
24	Evaluation of elite spring wheat genotypes for yield and yield attributing traits under irrigated condition of Chitwan, Nepal R. P. Bhattarai, B. R. Ojha, D. B. Thapa, and R. Kharel	199
25	Evaluation of zinc and iron bio-fortified spring wheat genotypes at Bhairahawa, Nepal R. P. Yadav, M. P. Pandey, B. R. Ojha, D. B. Thapa, and K. H. Ghimire	209
26	Monitoring and management of tomato fruit borer, <i>Helicoverpa armigera</i> hubner on tomato in Chitwan, Nepal R. Regmi	217
27	Ecofriendly management of cabbage aphid, <i>Brevicoryne brassicae</i> L. on cabbage in farmer's field, Dhading, Nepal S. Basnet, R. B. Thapa, R. Regmi, and S. M. Shrestha	223
	<u>Livestock, Animal Health, and Fisheries</u>	
28	Subsistence vs pro-commercial dairying: quality standard of raw milk in western Chitwan A. K. Gurung, D. K. Chetri, D. B. Nepali Karki, and S. R. Barsila	229
29	Isolation, identification and molecular detection of clostridium perfringens type a from ostrich (<i>Struthio camelus</i>), Nepal B. Niure, R. Bhattarai, H. B Basnet and H. Luitel	239
30	Improving reproductive performance of dairy cows with prolonged days open G. Gautam, P. K. Rana, B. Devkota, N. R. Devkota and I. P. Kadariya	245

31	Supply chain analysis of carp in Makwanpur, Chitwan and Nawalparasi districts of Nepal K. Adhikari, S. Rai, D. K. Jha, and R. B. Mandal	257
32	Heterosis studies in single cross hybrids of maize (<i>Zea mays</i> L.) K. H. Dhakal and H. P. Sharma	269
33	Isolation, identification and molecular detection of salmonella serovars in chicken meat for sale in retail, in Chitwan, Nepal R. R. Sapkota, H. B. Basnet, R. K. Bhattarai and H. Luitel	283
34	Effects of dietary inclusion of probiotic (protexin® novartis) on growth performance, organ weight and blood parameters in broiler chicken S. L. Bhusal, R. P. Poudyal, M. P. Gupta, and R. K. Bhattarai	287
35	Seroprevalence and associated risk factors of bovine viral leucosis in the dairy cattle of western dairy pocket area in Chitwan, Nepal S. Manandhar, M. P. Gupta, I. P. Dhakal, and R. K. Bhattarai	293
36	Seroprevalence and associated risk factors of leptospiral infection in the dogs of animal birth control camp of hilly region (Manang, Dolkha & Pokhara) of Nepal S. Pandit, M. P. Gupta, I. P. Dhakal, and R. K. Bhattra	299
37	Isolation, identification, antibiogram and detection of drug resistance genes tetA, sul1 and qnrA in <i>E. coli</i> strains from retail chicken meat and human urine in Chitwan, Nepal S. Thapa Chhetri, H. B. Basnet, R. K. Bhattarai, and H. Luitel	305
