

AGRONOMY JOURNAL OF NEPAL

(AGRON JN)

Volume 3, 2013

Agronomy Journal of Nepal (Agron JN)

July 2013

Table of Content

1.	An overview of different seed production initiatives in Nepal - M N Paudel, S Pokhrel, N Gadal, G-Ortiz Ferrara, D KC, P Joshi and R Humagain	1
2.	Modeling the sensitivity of CERES-Rice model: an experience of Nepal - A Lamsal, L P Amgai and A Giri	11
3.	Preceding crops and residue management practices on performance of mustard under zero-till semi-arid condition - L P Amgain and AR Sharma	23
4.	Enhancing effect of nitrogen on grain production of hybrid maize in Chitwan valley - BH Adhikary and R Adhikary	33
5.	Food security scenario, challenges, and agronomic research directions of Nepal - D R Bista, L P Amgain and S Shrestha	42
6.	Effect of integrated weed management practices on performance of dry direct seeded rice (<i>Oryza sativa</i> L.) - K P Bhurer, D N Yadav, J K Ladha, R B Thapa and K Pandey	53
7.	Productivity and soil attributes as influenced by resource conservation technologies under rice- wheat system in Nepal - G Sah, SC Shah, S K Sah, RB Thapa, A McDonald, H S Sidhu, RK Gupta and P Wall	64
8.	Effect of different mulching materials on weed dynamics and yield of direct seeded rice in Chitwan, Nepal - R Gaire, K R Dahal, and L P Amgain	73
9.	Yield prediction and nitrogen recommendation in maize using normalized difference vegetation index - TB Karki	82
10.	Intercropping of chick pea and mustard on control of botrytis grey mold in western Terai, Nepal - R Khadka, S Joshi and R B Chaudhary	89
11.	Outreach Research: A liaison between research and extension - M N Paudel	97
12.	Morpho-physiology of wheat genotypes under different sowing dates as affected by <i>Helminthosporium</i> leaf blight and leaf rust in Chiwan, Nepal - S P Neupane, B R Ojha, S K Ghimire, S K. Sah, S M Shrestha and R R Puri	109
13.	Constraint and opportunity of raw jute production : A case study of eastern Terai, Nepal - T B Ghimire and N S Thakur	117

14. Legumes crop rotation can improve food and nutrition security in Nepal - S Pokhrel and S Pokhrel	123
15. Regulatory framework of GMOs and hybrid seeds in Nepal - M Thapa	128
16. National seed legislation: Harmonization with international treaties and conventions - B Thapa Kshetri	139
17. Maize seed production communities in hills towards a new path of contract seed production in Nepal - D B KC, G O-Ferrara, N Gadal, S Neupane, R Puri, B Khatiwada, H Sharma,	151
18. Seed producer organization of farmer: An experience of western Terai, Nepal - S Dhakal	157
19. Short communication: System of wheat intensification in farmers' field of Sindhuuli, Nepal - D Adhikari	169
20. Short communication: Heterosis and combining ability of Nepalese yellow maize (<i>Zea mays</i> L.) - S R Gautam, B R Ojha, S K Ghimire, and D B Gurung	173
21. 8 th Agronomists National Workshop Report, Ashad 30-31, 2070 (14-15 July 2013) (Jointly Organized by Crop Development Directorate and Agronomy Society of Nepal)	182
22. Instruction for submitting paper to the Agronomy Journal of Nepal	193
