Contents

An Angular Distribution of Two Photon ionization in Presence of Multiple Beams N. Shrestha	1
Antifungal Activity of Methanol Extract of <i>Mimosa Pudica</i> against Phytopathogenic Fungi K. R. Sharma	5
Feature of Electric Field Pulses of Cloud Flashes Observed in Kathmandu, Nepal P. B. Adhikari, S. Sharma and K. N. Baral	9
A study on Nanoscale Surface Characterization of Phosphorous Doped Polysilicon by AFM K. R. Poudel and S. K. Lamichhane	17
Study of Electronic and Magnetic Properties of Heusler Alloys Co_2MnSb and Fe_2MnGe : First Principles Approach I. P. Poudyal and G. C. Kaphle	22
Effect of Precursor Flourine Concentration on Optical and Electrical Properties of Florine Dopped Tin-Oxide Thin Films M. Kafle, R. Bhatta, L. Pradham Joshy and B. P. Kafle	29
Study of Photoionization in Linearly Polarized Field of Polarized Potentials K. Yadav and J. J. Nakarmi	37
A Study of Far Infrared Loop Around Pulsar J0835-4510 A. K. Jha and B. Aryal	43
A Systematic Study in the Dust Properties of C-Rich AGB Star in Far Infrared Sky at Latitude 16° A. K. Gautam	49
