

**KEC CONFERENCE
2023**

INTERNATIONAL CONFERENCE ON ENGINEERING & TECHNOLOGY

Dedicated To Enhance Research Ability

**KEC Conference Proceedings | Volume V
with symposiums:**

**Safe and Sustainable Mobility
Surface and Ground Water Resource Management**

27th April 2023 (14th Baishakh 2080)

Organized by:

KANTIPUR ENGINEERING COLLEGE

Dhapakhel, Lalitpur, Nepal

Tel: +977-1-5229005, Fax: +977-1-5229274

URL: kec.edu.np/kec-conference/kec-conference-2023/

Table of Contents

	<i>Foreword from Chairman of University Grants Commission</i>	<i>i</i>
	<i>Foreword from Chairperson of Nepal Engineering Council</i>	<i>ii</i>
	<i>Foreword from Vice Chancellor of Tribhuvan University</i>	<i>iii</i>
	<i>Foreword from Dean of Institute of Engineering</i>	<i>iv</i>
	<i>Foreword from Vice Chancellor of Nepal Academy of Science and Technology</i>	<i>v</i>
	<i>Foreword from President of Nepal Engineers' Association</i>	<i>vi</i>
	<i>Foreword from Principal of Kantipur Engineering College</i>	<i>vii</i>
	<i>Foreword from Editor in Chief of KEC Conference 2023</i>	<i>viii</i>
	<i>Organizing Committee, Editorial Board, Advisory Board</i>	<i>ix</i>
	<i>Special Acknowledgement for Reviewers</i>	<i>x</i>
1	Flyash Stabilization of Silty Soil Using Epoxy Resin as Admixture	1
2	Application of Geotextiles to Improve California Bearing Ratio Value of Expansive Subgrade Soil Mixed With Brick Kiln Dust: Kuponhole-Balkhu Section	8
3	Analysis of Deep Excavation on Soft Soil for Basement Construction A Case Study in Kathmandu Valley Building Construction	16
4	Emotion Recognition System	22
5	The Future of Writing: Hand Gesture Recognition for Touchless Writing in Digital Environment	27
6	Offline Wallet Secured with AES Encryption	32
7	Object Detection using LiDAR Sensor	37
8	Comparison of Machine Learning Algorithms for Classification of Data Traffics in Software Defined Networks	44
9	Prediction of DDoS Attacks in IPv6 Based SDN Network using Hybrid Machine Learning Technique	53
10	Image Classification in Autonomous Vehicle Based on Convolution Neural Network	62
11	Numerical Study on Performance Evaluation of Reinforced Concrete Beam	71
12	Determination of Suitable Cutoff Magnitude for the Computation of G-R Parameter for SI2 of Nepal	78

13	Comparative Analysis of RC Commercial and Residential Buildings using NBC 105:1994, NBC 105:2020 and IS 1893:2016	85
14	Quality of Constituents of Concrete and its Impact on the Mechanical Properties	93
15	Compliance of Concrete Strength Used in Low Rise Residential Buildings with NBC 205: A Case Study of Lalitpur Metropolitan City-28,29, Harisiddhi Evaluation of Implementation Process of National Building Code for	101
16	Reconstruction of Residential Building after Gorkha Earthquake 2015:A Case Study of Chandragiri Municipality, Kathmandu	106
17	Cost Analysis of Owning Four-Wheel Electric Vehicles in Nepal	112
18	Study on Assessment of Materials Management for Construction Work with Special Reference to Godawari Municipality of Lalitpur District, Nepal	117
19	Compliance of Building Code in Construction of Residential Buildings in Sisne Rural Municipality, Rukum (East) District	123
20	Analysis of Project Implementation through Users Committees in Junichande Rural Municipality	133
21	Evaluation Road Safety Scenario of Four Schools Using Star Rating for Schools	141
22	Calibration of VISSIM for mixed traffic condition: A case study of Ekantakuna Intersection During COVID 19	146
23	Performance Assessment of a Signalised Intersection: A case study of Jay Nepal Intersection	150
24	Assessment of Hybrid Three-Wheelers: A Para-Transit Mode from Users' Perspective at Dhangadhi Sub-Metropolitan City	158
25	Calibration of Conventional Macroscopic Traffic Flow Models on Maitighar to Tinkune Section	164
26	Variation Order in Rural Connectivity Improvement Project in Nepal: Causes, Impacts and Remedial Measures	168
27	Marshall Properties of RAP with or without Rejuvenating Agent	176
28	Estimation of CBR value using index properties of subgrade soil -a case study of subgrade soil of Dhangadhi-Khutiya-Dipayal-Chainpur-Urai Bhanjyang Road Project (10+000-30+440)	185
29	A Review Paper on Road Traffic Accidents (RTA) Trends in Kathmandu Valley)	197

30	Evaluation of Sabo Structure Performance in Mudflow Mitigation by using a Two-Dimensional Depth-Averaged Model	202
31	Hiti System in Bhaktapur: An Evaluation of its Current Status and Importance	209
32	Flood Management Through Community Approach with Special Reference to Bishnumati River of Kathmandu in Nepal	217
33	Problems in the Construction Phase of Small Town Water Supply and Sanitation Sector Projects in Nepal: A Case of Tamsaariya Water Supply Project	231
34	Urban Heat Island Effect And Local Climate Zone Study Of Kathmandu Valley	239
35	Land Surface Temperature (LST) Study in Kathmandu Valley During Summer	242
36	Comparison of PM 2.5 Emission Rates During Weekdays and Weekend Days in Kathmandu and Dhulikhel	245
37	Characterizing Municipal Solid Waste and Exploring Resource Recovery Potential: A Case Study of Lalitpur Metropolitan City Ward 14	249
38	Study on Solid Waste Generalization and Management of Squatter Area within Ring Road of Kathmandu Valley in Nepal	256
39	Study on Municipal Solid Waste Management in Nagarjun Municipality of Kathmandu District in Nepal	265
40	Study on the Environment of Distribution of Humanitarian Support During Disaster with a Special Focus on Damak Municipality of Nepal	272
