

ISSUE - II, YEAR 2018

**A**  
**St. Xavier's College**  
**Physics Department Annual Publication**

# **NEW DIMENSION**

# Contents

## Journals

- A Study Of Geomagnetic Indices During Quiet And Disturbed Periods	1
- Empirical Models For The Evaluation Of Global Solar Radiation In Kathmandu Nepal	8
- Hand written Digits Recognition Using Neural Net	17
- Computation In Physics	23
- Aerosols: The Impact-Full Atmospheric Particles	28
- Study On The Synthesis Of ZnO Nano Particles Using Natural Plants Extracts And Using It For The Preparation Of Dye-Sensitized Solar Cells	33
- Study Of Ionosphere From Total Electrons Content And Its Importance In Nepal	37
- Zinc Oxide Nanostructure And Its Applications	40
- A Brief Discussion About Electromagnetic Impulse (EMP)	44
- Nuclear Technology: A Brief Overview	48
- Higgs Boson: The God Particle	57
- HDR Brachytherapy In The Context Of Nepal	60
- Antimatter	64
- Nanoscience And Nanotechnology: A Brief Review	67
- Global Positioning System (GPS)	70

## General

- Negative Energy	76
- The Butterfly Effect	80
- A Short Engagement With Words	82
- Most Amazing Recent Space Discoveries	85
- A Space Story	89
- Professional Skills At College	91
- Staring At The Street Of Midnight Moonlight	93
- The Real Picture Of Universe	98
- Relativistic Basis Of Magnetism	100
- The Vacuum State In Quantum Field Theory	103
- SXPC – Nepal Outreach Program 2017: Sailung	105
- A Small Talk With Prof. Dr. Binil Aryal	109
